Docket Number: T-02724A-14-0412

Docket Position: For

Arizona Corporation Commission, I am writing to you today in strong support of docket T-02724A-14-0412, an Extension of Territory. The granting of this extension will positively change the lives of those of us who reside in its effected area. My families Safety will be greatly improved by the addition of 911 (phone) services that are currently not accessible or only accessible by extremely weak cellular service in some areas thus impeding responses by public safety agencies. Additionally, the bringing of internet service to the area will have a positive effect many fold as well, online school/college courses for my children are just one example of the enrichment that it would bring to families along its service areas path. I urge you with great respect to grant this extension and know that it will improve the lives and the business with the much needed and wanted services it will bring along the Bagdad, Camp Wood, and Williamson Valley areas the extension would effect.
